

Serial No. 09/542,243 Page 2

Sub E 21. (Amended)

A satellite ready building comprising:

- 432
- a plurality of studs;
 - satellite wires positioned adjacent to said studs having a first termination and a second termination, said first termination positioned outside the building;
 - a connector coupled to said second termination of said satellite wire;
 - a drywall layer coupled to said studs to substantially enclose the satellite wires therein; and
 - a radome enclosing said first termination.

REMARKS

Applicant wishes to thank the Examiner for considering the present application. In the Office Action mailed April 1, 2002, claims 17-28 are pending in the application. Claim 17 has been canceled above without prejudice. Applicant respectfully requests the Examiner for reconsideration of the remaining claims.

Claims 17 and 18-20 stand rejected under 35 USC §103(a) as being unpatentable over *Oliver* (6,166,329) in view of *McDonald* (6,335,753). Applicant has canceled claim 17 and amended claim 18 to be dependent from claim 21. Claims 19 and 20 depend from claims 18 and 19, respectively.

Claims 21-25 and 27 stand rejected as being unpatentable over *Oliver* in view of *McDonald* and *Mast* (6,166,705). Applicant respectfully traverses.

Applicant has rewritten claim 21 in independent form. Claim 21 includes a plurality of studs, satellite wires positioned adjacent to the studs having a first
